

Energy Efficiency specifications for equipment

1) Lighting

LED Tubes or bulbs with a luminous efficacy of at least 120 lm/W

2) Air Conditioners

Inverter type Air Conditioners with a Seasonal Energy Efficiency Ratio (SEER) > 5.6 according to Commission Delegated Regulation (EU) 626/2011

3) Office Equipment (Computers, Printers, Photocopiers & Fax machines)

ENERGY STAR certified office equipment.

4) Refrigerators

Refrigerators having an Energy Efficiency Index (EEI):

EEI < 44 according to Commission Delegated Regulation (EU) 1060/2010, or

EEI < 125 according to Commission Delegated Regulation (EU) 2019/2016
